We Ride... Yes We Do!

This AMCA Chapter rides.

This was very apparent last month with 12 of our Chapter Members participating in the 2014 Cannonball Coast to Coast Endurance Race. This marked the third Cannonball Event in America and featured **100+ riders from 13 Countries**. Think about this for a minute. Riders from **Spain, Ireland, France, Italy, Germany, Poland, Holland, United Kingdom, South Africa, Canada and Japan** all shipped their bikes, spare motors, extra parts and support crews all the way to America just to ride vintage motorcycles. That tells me America is still the **"Land of Greatness"** when it comes to riding scenery, history and testing your mental, physical and machine condition. [Our Club Riders are listed here!](#)

The 4,000 mile journey was not without issues. Clyde Crouch endured an accident at 15 mph on a switchback curve in the Colorado Rockies when he encountered loose gravel at the very edge of the roadway drop-off. No damage to his venerable and beautiful 1929 Excelsior Henderson KJ Streamline Four, but Clyde did get some hospital time. He had a deflated lung, five broken ribs and had his spleen removed to stop internal bleeding. When the bike was removed from on top of him, Clyde got to his feet & walked around! (*Can we say John Wayne?*) Clyde is recovering just fine, but the ribs are still tender we are told.

Most all machines had some sort of mechanical issue. Issues ranged from flat tires, coils that quit, to more complicated internal combustion issues in 78 – 100+ year old power plants. But with **"the never quit, never sleep attitude"** of the support team members these issues were cured by the next morning for the most part. It mattered not if a chain needed changed or an entire motor needed rebuilt... the machines and men were back on the road the next morning. A tribute to the men and women who just would not quit regardless of the issue before them. I will no doubt leave many off this list, but must attempt to applaud at least the following individuals to show the level of support it takes to field just one race team.

Shelby Withrow, Truck Driver & Machinist - TX,

Jesse Law, Mechanic – TX,
Theresa Prosser, Logistics Manager. – TX,
Steve Norton, Crew Chief – United Kingdom
Bob Huffman – Ohio,
Paul Elser – TX,
Ivan Brown United Kingdom

In the end, 24 riders achieved perfect scores.

to view a number of videos and many hundreds of photos that are showing the trials and tribulations of this great endurance event.

I am extremely proud of all in our Chapter whom participated either as rider, team support member or as an enthusiast whom followed the event daily online.

In this issue I am also listing all Chapter Members whom donated their hard earned money to help sponsor these Cherokee Chapter Riders. You are the unsung heroes of the vintage motorcycle sport . In the end I believe that our Chapter had more participants in this event than any other Chapter of the AMCA.

Hello Fellow Members.

What a blur the past 6 weeks have been. We embarked on one of the Grandest Motorcycle Events of our lives, The Cannonball 3 from Daytona Beach Florida to Tacoma Washington.

Cherokee Members **Mike Carson** came in 2nd in Class Two, and **Jon Neuman** came in 2nd in Class Three as the top riders of the Carson Classic Motors Team that included, Brent Mayfield, Greg McFarland, Scott Byrd, David Lloyd, Steve Simpson and Buck Carson finished the field.

Fellow Cherokee Members **Mike Bell, Clyde Crouch, Rowdy Schenck, "Big Swede" Robert Guestavsson**, and our friend from across the pond, **Peter Reeves** also made the journey across the USA riding their vintage motorcycles.

Mother Nature started us out with rain to Tennessee, but blessed us with good weather in the Rockies. Go Figure, shorts in mountains & the Support Crew packed for snow. All of us **Thank You for your Support** through good and bad and a special thanks to goes to Jesse Law who put up with me for 4000 miles in the lead haul truck. We were moving 300 people from one place to the next, 300 miles apart, for almost a full three weeks with 101 motorcycles starting out, and at times it was quite the traveling circus.

Please make sure you take time to visit the official website www.motorcyclecannonball.com to view hundreds of photographs and dozens of videos of this amazing journey. There is also an incredible video on our site www.CherokeeAMCA.org with music by BonJovi that is showing the high points of the journey and many of our riders. In closing, I am filled with immense pride that the largest

group of riders in this Historic Event were in fact all members of The Cherokee Chapter of The AMCA. **Be Very Proud!**

Fall Road Run in Sweetwater is this weekend. Our Members from out around Abilene have done a terrific job with planning this event. See the route maps and Flier in this issue. **Please come ride.**

Pistons and Paint – Denton

On November 8th we are going back to the Pistons and Paint Car show, where we will be showing off the old bikes to the car crowd. Last year we had 46 Vintage Motorcycles from 1908 – 1965 on display. We encourage all Northern Texas and Southern Oklahoma Members to bring their bike(s) and put them on display. **Info on Judging or Just Showing a bike(s) is contained in the Event Calendar in this edition.**

Pate Swap Meet

As we have reported earlier, we have secured almost 240 vending spots for the 43rd Annual Pate Swap Meet near Texas Motor Speedway near Fort Worth TX for next Spring. Pate is a huge Transportation Event with over 7,800 vending spots for all things transportation. We have struck a deal with Pate Management to spearhead the formation of a far more organized Vintage Motorcycle Swap Meet and Bike Show within their existing Very Successful Swap Meet.

As of this date have picked up some very good vendors through advertising at Wauseon & Davenport Swap Meets. We still have vending spots remaining but should sell out by the end of this year. One Vendor of Note is **The National Motorcycle Museum from Anamosa IA, owned by John Parham**. There will be plenty of parts and projects for sale. So mark your calendars now and plan on bringing a

.C **Cherokee Concourse de**

Pate We will also be holding the first ever Concourse Motorcycle Show at this event. We have two Chapter Semi-Truck Trailer Rigs anchoring two main Bike Show Areas. Our members are all invited to bring and show their Vintage Motorcycles. The North Texas Norton Owners Association (NTNOA) are also working with us to help put together an extremely large and significant showing of very fine vintage machines. I am also in communication with The VJMC Club for participation as well. More soon.

This will be a People's Choice Format on Year One to get started with, plus a few additional trophies from Pate, our Chapter and a few Sponsors no doubt.

Christmas Party

The Christmas party at The Klein's should be with less ice this year so the North Texas group should not have to worry about travel. **I can say it is definitely worth the trip.** The Klein's large home and shop is filled with members all day long enjoying great conversation and good food and beverage.

Membership continues to rise to almost 200. For the Cannonball Race the Cherokee, Diamond and Confederate Chapters all honored each other's memberships till the end of the year, and we will be working on having regional events together with our Sister Chapters for all in The South to share more great events, great roads and great motorcycling.

Make sure you plan on renewing your membership in December so you are ready to go in 2015. **Trust me...It will be a terrific year!**

Please Stay Tuned!

Cannonball 2014 . . . by Steve Klein

The 2014 Cannonball Endurance Run, Coast to Coast was the third such event and was bigger and better than ever. It also garnered Worldwide attention with riders from 12 countries competing in what is now being billed as the Toughest Motorcycle Race in America. Countries are: **America Spain Italy France Germany Holland United Kingdom South Africa Poland Canada Ireland Japan**

In all 114 Riders were registered and the Kick Off Banquet was held in **Daytona Beach Florida** the evening before the race start date of **September 5th**. I believe that a total of 108 riders departed the starting line.

This year's race covered a grueling 4,000+ miles from the Atlantic Ocean at Daytona Beach Florida to Tacoma WA Puget Sound Area at the Pacific Ocean. Many riders dipped their back tire at the starting line and dipped their front tire at the finish line. **All motorcycles were older than 1937** so the newest models racing were 78 years old. Many machines are approaching 100 years old. David Lloyd's #54 machine is a 1919 HD twin and I believe his machine is only the 6th oldest. A true test of man and machine to find, rebuild, tune and keep these venerable old mounts of the past with tired steel and alloy, reliable enough to ride approximately **300 miles per day for three weeks straight** in every conceivable road and weather conditions.

Our Members Supported our Riders. Prior to the start of the event, I challenged our entire membership to pledge individual support for this group of riders. Within 2 weeks I received **over \$10,000** from our members. Checks for \$25, \$50, \$100, \$250 or more flooded in. Some individuals sent in \$1,000, \$1,500 or more. How many people can say they sponsored a Cannonball Team? But you did it and now these individuals are a part of Cannonball History!

"I am Extremely Proud of all Members whom wrote checks and supported our Riding Members"

In the order that the checks arrived the following Cherokee Chapter Members Sponsored our Riders.

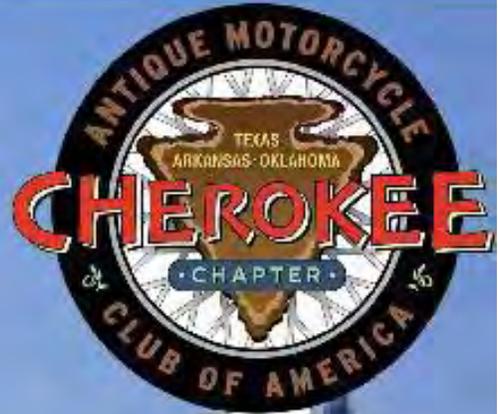

David and JoAnn Kugle, Austin TX	Michael McMains, Waco TX	James and Tenna Little, Sherman TX
David Wood, Fort Worth TX	Bob and Marian Guerin, San Marcos TX	James and Lori Joyce, Fort Worth TX

Pflugerville Chili Pfest....

Each year our Chapter Members try to support this worthwhile one day event in Pflugerville TX just a few exits North of Austin. This year through a confluence of communication lapses and an awfully full schedule of area bike events, our own Greg Nelson shouldered the entire task himself. Greg took 4 of his vintage bikes to display, start up and answer questions all day outside another Chapter member Wes Brown's Chili Booth. Greg... Above and beyond the call of duty! Member Profile... Steve and Theresa Littlefield, Georgetown TX

It has been a while since we did a member profile and I cannot think of better folks to introduce you all to than Steve Littlefield and his wife Theresa who own **Central Texas Powersports** on I-35 on the North side of Georgetown TX. CT Powersports features Honda, Kawasaki, Suzuki, Yamaha, Can Am, and Polaris lines of new machines, an impressive used inventory of all makes and models from small scooters through off road, cruisers, sport bikes, to full dress touring machines, a full accessories department, clothing department, as well as a full parts and service department. Regardless of what brand of machine you enjoy... if you want an **"old fashioned. friendly dealership"** that will not gouge your pocketbook and that **"truly appreciates your business"**... then Central Texas Powersports is where you should buy your tires, oil, get your service or buy that new bike you have been eying. A full line of all models from all these manufacturers plus four wheelers, plus Can Am three wheelers and the big Sportsman wide body Polaris and Honda off road 4 and six passenger side by sides for family or hunting use. The all new Polaris Slingshot is also worth viewing! (Photo below)

Steve started his career in motorcycles at the Harley Davidson dealership in Wichita Falls TX at a very young age and has been in the motorcycle business ever since. He is also an avid collector of early Honda, Yamaha, Kawasaki and Triumph motorcycles. Stop in and have a cup of coffee soon. Steve and Theresa are active Cherokee Chapter Members and AMCA Members as well. It is common to see vintage motorcycles on display any week of the year at this great dealership! **Vintage Motorcycle Friendly is definitely spoken here!**
